Both designs available with either legs or closed base. The excellent recessed handles or grips of your own choosing.

dyrlund table tops and tops for cabinets are made with finger joints to give a larger gluing surface.

Since 1960 dyrlund has been manufacturing furniture of the highest quality for both home and office in Denmark and exported our products to many countries around the world.

The new copenhagen and copenhagen plain designs are available in solid 25 mm / 1" wood or body in veneered block board 25 mm / 1". You can choose between legs (standard) or a closed plinth adding S to the model number. Height of plinth is 10 cm while legs are 25 cm high.

We manufacture the furniture in oak, ash, cherry, steamed beech, pine, alder, redheart beech, walnut as well as teak.

In addition to the standard range we offer a lot of custom adjustment possibilities for our cabinets and tables in our very flexible production.

Design: Christian Erbo Jørgensen
